

# Argument

*You get into an argument with your friend about the soundtrack that is playing over the ride you are currently sitting on. "It was released in 1974!" "No, 2005!" "Oh, come on, we couldn't possibly have a difference of one year!" Its an impasse. But you give your friend the last word, since you know there are higher hills to climb, climbing all the time, trying to find a way through.*
