

You have the recipes, now all you need is a tune. What's the theme here?

I love potatoes
They have been my favorite food **so far**²
And ever since the summer of 2000

Versatile foodstuffs
You can make them **a**⁴ny way you please
Let me tell you all **a****bout**⁸ the things you can do with these

Slice into strips, put them in the fryer to start
When they're golden, take them out, be careful, they're hot!
Enjoy with some hot sauce
Or beside your main course
I¹¹ love French fries with all of my heart

Next let's do some baking
Put the spuds into the oven
For an hour then scoop out all the insides
Then season **as**⁷ needed
And scoop the mash back into the skins
Garnish with some cheese on top, and baked potatoes are done

Now let's grate some taters, adding onions and chives
Set aside; beat eggs with flour don't do **it**⁵ with knives
Put it all in a pan
Fry until golden and then
Potato pancakes ready for five!

Boil some potatoes
Do make sure they're tender and well-drained
Mix some mayonnaise with some vinegar
Also some mustard
Salt, pepper, celery, onions
Toss it all **to**⁶gether for potato salad, my dear

Take some boiled potatoes (yes again, bear with me)
Slice them up then season with basil, rosemary³
Scoop them onto a large sheet
Put in oven with some meat
You'll have roasted potatoes by three

And that's all the time we have today
I have more recipes here by the way
If you'd like you can find me on eBay
I could talk about this stuff all day
And if you want to meet, you can just say
Come and stay
Come and play
