

Guided Tour

Jacqueline Fashimpaur, Jake Olkin,
Tom Wildenhain

Aperture Science invites you, <Team Name Here>, to participate in a guided tour through time and space! Learn about the rich history of Aperture Science, from the company's humble beginnings as a shower curtain manufacturer, to its reinvention of the scientific method and recent advances in benevolent AI.

To start the tour, download our augmented reality Android app (recommended) or use a QR code scanner.
