

# Numbers, of Course!

Edgar Chen, Brendan Ney, David Zeng,  
Samuel Kim, Patrick Lin, Cameron Montag

You take a few steps back to recall what you've seen and where you've been, when you suddenly realize that you're late for lecture. As you head to class, you suddenly realize what actually caused all of these disasters.

1. Pick a person in a booth
2. Parts in memory or a drill
3. Bend a joint or tense a muscle
4. Friend in war or partner in crime
5. Bag one might hit if tired
6. Word after freezer measured in degrees
7. Earring style or circus prop
8. Fix errors or make changes
