

# Coconuts

Liam Thomas

Each of these phrases clues a word. Each clue from the left hand column can have a letter added to the beginning and end to create a word from the right hand column. Taking these extra letters in the order given by the left hand column gives the cluephrase INCISE/LESS THAN NINETY. Interpreting this as another pair of clues gives the answer CUT/ACUTE. The answer is ACUTE.

## Coconut Water

User of Stand "The World" - DIO  
Common datatype - INT
