

One Step Forwards

Again, note that all words used are nouns.

Machine G changes a single letter in the word. Machine F takes an anagram of a word. Machine E “adds two” to a word. The function of Machine E is also clued by the name of the puzzle - “One Step Forwards, Two Steps Back”, since the final part of this puzzle requires you to reverse the function of machine E.

QUEEN → E → ACE → G → AGE

EIGHT → E → TEN → F → NET

STEP → G → STEW → F → WEST

TAU → E → PHI

RECITAL → F → ARTICLE

YARN → G → YARD
